## PRODUCT CATALOGUE

Cranes

ABOUT US

Starting with a small fleet originally used for our own construction projects, Alfasi Hire has rapidly grown into a leading industry player in crane and elevating work platform hire industry.

Today we boast over 2,000 pieces of elevating work platforms, telehandlers, forklifts, truck mounted boom lifts, crawler cranes, all terrain, rough terrain, truck mount and Franna cranes all for dry hire.

Alfasi Hire’s point of difference is having one of the industry’s newest fleets featuring the best machines with the highest standard safety features from leading manufacturers.

Needless to say, our broad range of clients across a variety of industries enjoys exceptional 24 hour 7 day service.

Alfasi Hire only invests in the latest hire equipment and provides additional services such as onsite refuelling, training, servicing and licensing.

We provide this service across Australia (WA, NT and more) and South East Asia on a project driven basis for many of our clients.

So think of Alfasi Hire as your partner as you plan your access, material handling and lifting requirements for your next project.

“

“Dry hiring the 80t Tadano Rough Terrain Crane enabled us to have it ready to work at a moments notice for less than the cost of casual wet hire.”

OUR COMMITMENT

- ✓ We have the latest and most modern equipment and are industry specialists in access equipment and crane dry hire. We invest in the leading brands such as JLG, Genie, Haulotte, JCB, Manitou, Toyota, Athena, Liebherr, Terex and Tadano.
- ✓ For over 30 years, Alfasi Hire has provided a national service to our customers. In 2005, we commenced as a complete standalone hire operation and have continued to grow exponentially.
- ✓ Our fleet has been specially modified to meet the most stringent mining and construction site requirements by implementing the latest safety features and mine specifications including MDG15 and BMA across our range. We are also proud to be one of the few hire companies in Australia to be ISO9001 and AS4801 certified.
- ✓ We can provide dry hire lifting solutions along with quality assurance for all projects that meets all Environmental and Occupational Health & Safety requirements.
- ✓ We have over 2,000 machines that provide access and telehandling solutions, with an extensive fleet of cranes that retain carrying capacities from 6t to our 300t pin jib crawler cranes.
- ✓ We’re also continually updating our range to meet the needs of our clients and will source, purchase, and provide cranes that are not currently in our fleet in accordance with what you need.

“Alfasi provided all seven cranes for our CHPP Project, reducing administrative and logistics costs.”
